# Desks of a GRAPHIC DESIGNER & WEB DESIGNER

Graphic Designers are responsible for creating graphics, typography, and images to present an idea. They're mostly in the print industry even though they can work on web projects as well.

Web Designers are responsible for creating graphics too, but for the web. They must know HTML and CSS to turn their designs into a working and functional website.

Items shown: iMac, keyboard, mouse, tablet, pencil, iPhone, sketchbook, Pantone color book, coffee

Items shown: iMac, keyboard, mouse, wireframes, HTML & CSS book, reading glasses, iPhone, iPad, program CDs, coffee
